

DUCATO

MORE THAN WORK

GOODS TRANSPORT

PROFESSIONAL

Day in and day out, the world around us is formed by those who aren't scared to get their hands dirty, the ones who follow tradition and inspire innovation.

Fiat Professional and Ducato were uniquely and ingeniously crafted with those people in mind. The type of people who do things the right way the first time, and want a vehicle that helps to get the job done even easier.

**THE HANDS THAT MAKE
THE WORLD GO ROUND.**

MORE THAN

RANGE

**IT'S THE
RIGHT FIT.**

With over 10000 different combinations and versions of Ducato, the right work vehicle is closer than you think, and that's not the only reason it's the right fit. Ducato is perfect for every worker or company no matter the size because it was made with one goal in mind: help you do your job better.

This versatility is the driving force behind every workforce, and no one knows that better than Fiat Professional who has created a series of vehicles that are comfortable, capable and adapt to all of the challenges in a constantly evolving world. Equipped with all the space, configurations and efficiency you need, the 2020 Ducato is offering the vehicle you need to put you on the road to success.

MORE THAN

WORK

**IT'S GETTING
THINGS DONE.**

Just because you get your hands dirty doesn't mean you can't look good doing it. Take on your next job with new found confidence while driving the undisputed work vehicle that has over 35 years of world-class know-how and Italian design delivering a sharp new look with a new reinforced skid plate, black grille and outline headlamps and aggressive new rims.

MORE THAN TECHNOLOGY

THE TOOLS YOU NEED.

Nowadays the tools you need for your job aren't only the ones you find in your tool-kit. Ducato has all the technology options and comfort to make all your everyday tasks easier and more efficient.

Enjoy easy access to an infotainment system that offers Bluetooth connection for hands free calls and an optional DAB receiver (Digital Audio Broadcasting). You can also choose the 7" Radio by MOPAR[®], with colour touchscreen and even more features: voice recognition, USB on the radio frame, enhanced connectivity with 7" screen thanks to Apple CarPlay support and Android Auto™. The new 7" Radio provides something unique, the vehicle dimension selection: customers simply have to enter the dimensions and weight of their vehicle and the system will prevent them from taking narrow streets and low tunnels. All these new and upgraded instruments are perfectly placed in an interior that features new rigid door panels with storage space for better durability and organization.

Once again, Fiat Professional keeps you up to date with the latest tools to make your job easier and your day run more smoothly.

Apple CarPlay is a safer, smarter way to use your iPhone in your car. It lets you get directions, make calls, send and receive messages, and listen to music, all in a way that lets you stay focused on the road.

androidauto

Designed for the safest driving experience whilst staying connected, Android Auto™ delivers integrated steering wheel and voice commands.

MY: ASSISTANT

YOUR SAFETY AND YOUR SECURITY ARE ALWAYS OUR PRIORITY

CRASH ASSISTANCE

In case of crash, the system instantly responds contacting a Mopar[®] agent to provide you full assistance.

ROADSIDE ASSISTANCE

In case of breakdown, get immediately in touch with a Mopar[®] agent, who can check the situation from remote and provide assistance to the location reported by your Ducato GPS.

THEFT ASSISTANCE

Get an alert when your vehicle is moving in a suspicious way and get assistance for tracking it and recovery.

MY: REMOTECONTROL

LET YOUR SMARTPHONE BECOME AN INTERACTIVE KEY TO REMOTELY CONTROL YOUR DUCATO WHEREVER YOU ARE AND WHENEVER YOU NEED

FIND CAR

Find easily where your vehicle is parked. The system will pinpoint the location on a map and provide you the fastest way to reach it.

LOCK DOORS

Lock or unlock the vehicle from remote.

SET NOTIFICATION

GEO ALERT

Be alerted whenever the vehicle gets in or out a defined geographical area

SPEED ALERT

Be notified if your vehicle goes beyond a defined speed limit.

MY:CAR

THE PERSONAL TRAINER TO KEEP YOUR DUCATO ALWAYS FIT

LIVE STATUS

Keep the vehicle status always under control. Main features, such as remaining fuel, battery level, tire pressure, current mileage and doors status can be always checked in real time anywhere.

MORE THAN

CONNECT

A NETWORK THAT PERFORMS.

Whether you are a big company or a small business, enjoy the added reassurance that only Mopar[®] Connect can provide. Use the app to unlock functions like MY:ASSISTANT, MY:REMOTECONTROL and MY:CAR, each one giving you valuable information and added security to make sure your vehicle stays in optimal condition. Last but not least, Mopar[®] Connect Fleet provides remote access and a friendly interface that ensures total control over the activities, service status, maintenance and assistance needs of each vehicle. In a single click and the fleet managers can access all the information they need, in real-time and without leaving their office, or even on-the-go, using their mobile.

MORE THAN

POWER

**THE STRENGTH TO
PUSH FORWARD.**

Uphill, downhill, the city streets or wide-open highway; whatever road is in front of you, Ducato's wide range of engines have all the power and efficiency to get the job done. From the latest generation MultiJet₂ diesel engines to Natural Power, Ducato delivers advanced solutions for maximum power and minimum emissions.

MORE THAN POWER

Experience the power that will push your work to the next level. Each Ducato has the possibility of being outfitted with an engine that perfectly fits your needs, no matter the road or condition. Engineered to be durable, reliable and easy to drive, these new engines will give your job new energy.

The complete line of certified Euro 6d-TEMP 2.3 MultiJet₂ engines represent Fiat Professional's commitment to performance and fuel-consumption across its entire range. All engines, standard equipped with Eco Pack, comply with the strictest environmental regulations, thanks to the advanced SCR system (Selective Catalytic Reduction), their one-by-one engineering and top technology. Boasting 120, 140, 160 and 180 HP, you can be sure to tackle every job as you see fit.

Fiat Professional gives a tailored response to each mission profile. The 120 MultiJet₂ is "the per-fect entry level": fuel-efficient and offering excellent

performance especially in an urban en-vironment. The 140 MultiJet₂ is the "core" power unit of our range, progressive in all conditions thanks to its high torque availability at low rpm. The 160 MultiJet₂ "Power" is the best choice for the most demanding customers, coupled with the new automatic transmission, it also delivers 5% more torque. The 180 MultiJet₂ "Power" is ideal for demanding customers, who need uncompromised power for severe missions, delivering over 12% more torque when combined with full-automatic gearbox.

The entire new range of MultiJet₂ Euro 6d-TEMP engines feature the Variable Geometry Turbocharger. This technology ensures smoothness when on the road, increased reactivity at low speeds and generates greater performance. It also keeps fuel consumption at a minimum. Ducato knows that you work hard, but it is time to start working smarter too.

ENGINES

ECO PACK

The most advanced emission-reducing technologies: Start&Stop to eliminate fuel consumption when idling; Smart Alternator to reduce energy waste; Electronically-controlled Fuel Pump to improve combustion efficiency and Ecoswitch to make driving eco-friendly.

NATURAL POWER

Harness the power of nature with Ducato Natural Power: an impressive and cutting-edge engine that allows to you not only generate savings on the road but also it keeps you on the move even where conventionally fueled vehicles are banned. Its 5 CNG tanks (overall capacity of 220L / 36kg) are ingeniously placed under the floorpan, therefore allowing you to maximise your load volume, and providing 400km on CNG before switching automatically to petrol.

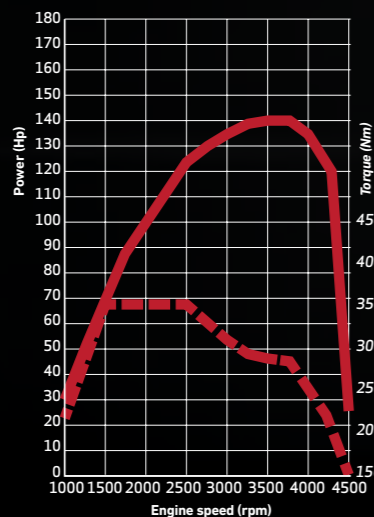

120 MultiJet₂

Displacement (cm³): 2287
Power: 120 HP (88 kW) @2.750 rpm
Torque: 320 Nm @1.400-2.500 rpm
Injection: Common Rail with variable geometry turbocharger and intercooler
Type: Diesel, 4 cylinders in line
Emissions level: Euro 6d-TEMP

140 MultiJet₂

Displacement (cm³): 2287
Power: 140 HP (103 kW) @3.500 rpm
Torque: 350 Nm @1.400-2.500 rpm
Injection: Common Rail with variable geometry turbocharger and intercooler
Type: Diesel, 4 cylinders in line
Emissions level: Euro 6d-TEMP

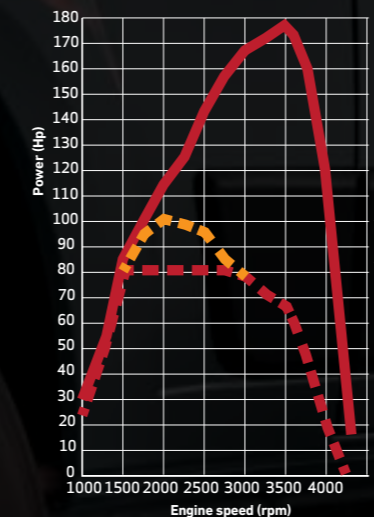

160 MultiJet₂

Displacement (cm³): 2287
Power: 160 HP (117 kW) @3.500 rpm
Torque: 380/400* Nm @1.500-2.750 rpm
Injection: Common Rail with variable geometry turbocharger and intercooler
Type: Diesel, 4 cylinders in line
Emissions level: Euro 6d-TEMP

180 MultiJet₂

Displacement (cm³): 2287
Power: 178 HP (130 kW) @3.500 rpm
Torque: 400/450* Nm @1.500-3.000rpm
Injection: Common Rail with variable geometry turbocharger and intercooler
Type: Diesel, 4 cylinders in line
Emissions level: Euro 6d-TEMP

*with 9 speed automatic transmission

140 Natural Power

Displacement (cm³): 2999
Power: 136 HP (100 kW) @3.500 rpm
Torque: 350 Nm @1.500-2.700rpm
Injection: Specific CNG/Petrol injectors with variable geometry turbocharger and intercooler
Type: Dual fuel system, 4 cylinders in line
Emissions level: Euro VI

MORE THAN

POWER

CREATING
THE CHANGE.

The all-new 9-speed automatic transmission is designed to deliver world-class driving pleasure and reliability. Now, you can keep your hands on the wheel and eyes on road ahead without having to think about constantly shifting gears.

All nine gears automatically shift quickly, efficiently and smoothly thanks to a torque converter, which replaces the conventional clutch. This guarantees effortless changes between shorter gears for better reactivity, increased torque and improved fuel consumption; providing the smoothest transition from gear to gear and ensuring that the right gear is engaged at every moment — all the things you need to work better and not harder.

In addition, with the new automatic transmission every customer or driver can adapt the response to the mission performed through a switch activating three different driving modes: Normal, that represents an optimal balance between performance and economy, ECO for fuel economy oriented and Power facing full-load or uphill missions.

REAR CROSS PATH DETECTION

It helps to avoid accidents in maneuvering using the same radar sensors to detect upcoming vehicles from the side when driving in reverse.

FULL BRAKE CONTROL

It is an integrated system designed to prevent or reduce the severity of a collision. It detects obstacles in the forward path and, once an impending collision is detected, alerts the driver and triggers autonomous emergency braking.

BLIND SPOT ASSIST

The system uses radar sensors (installed in the rear bumper) to detect upcoming vehicles that are not visible because in the blind-spot angle of the rear-view mirrors. You are notified via audio warnings and illuminated icons on the side-mirrors.

MORE THAN SAFETY PROTECTION THAT COUNTS.

During the workday things can come at you from every direction. Isn't it time you have a vehicle that does more than just transport your tools and cargo?

Ducato offers innovative Advanced Driver Assistance Systems (ADAS) that include sensors and technologies to keep you informed and alert about what is happening all around you. Rear Cross Path Detection, Full Brake Control and Blind Spot Assist sense vehicles, danger or obstacles even when they are not in front of you. Ducato has always been at the forefront of the category and comes with a complete set of safety and convenience devices that guarantee your 360° protection.

All of these safety features help you stay focused on the road, reducing the chance of incidents and severe accidents that endanger you and your work.

MORE THAN
SAFETY
KEEPING YOUR
**BUSINESS
PROTECTED.**

Whether you're an artisan, construction worker, jack-of-all-trades or own a fleet, protection and security are the backbones of every business.

Fiat Professional knows you take your job safety seriously and we want you to know that Ducato does the same too. Now, with over 15 cutting-edge technological features you can work harder and drive smarter with a new peace of mind.

HILL DESCENT CONTROL

Allows you to tackle downhill driving on gradients of up to 50% without using the brake pedal or accelerator, so that you can focus all your attention on the steering.

TRAFFIC SIGNS RECOGNITION (TSR)

Using the on-board camera, the **TSR** assists the driver by recognising speed limit and overtaking signs and reproducing them on the on-board display.

HIGH BEAM RECOGNITION

Switches automatically between dipped and full-beam headlights, thereby increasing visibility and reducing the risk of dazzle when driving at night, by recognising vehicles travelling in the opposite direction.

ROLL OVER MITIGATION

Rollover mitigation is a new support system for the **ESC**. It prevents rollover risk situations at high speed and reduces roll when cornering at low speed.

HILL HOLDER

Brakes the vehicle on hill-starts, and stops it rolling backwards without any handbrake input from the driver. It then releases the brake automatically.

CRUISE CONTROL AND SPEED LIMITER

Cruise Control allows you to set the cruising speed and keep it constant. The Speed limiter let you set the maximum speed that the vehicle can reach, thereby increasing safety and reducing the risk of picking up penalty points. When the accelerator pedal is fully depressed, the driver can exceed the limit set for specific overtaking manoeuvres.

LANE DEPARTURE WARNING SYSTEM (LDWS)

The Lane Departure Warning System can detect if your vehicle is changing lane, even in low-visibility conditions. In the event of danger, an audible and visual signal alerts the driver immediately.

ELECTRONIC STABILITY CONTROL (ESC)

The **ESC** cuts in automatically in emergency situations, such as if you have to swerve suddenly to avoid an obstacle. It monitors parameters such as lateral acceleration, speed, grip and steering wheel angle. It processes the data and, if necessary, modulates the torque and braking system to restore perfect stability to the vehicle.

TYRE PRESSURE MONITORING SYSTEM (TPMS)

Monitors tyre pressure constantly, and indicates any loss of pressure on the on-board display.

LOAD ADAPTIVE CONTROL

The Load Adaptive Control integrated into the **ESC** detects vehicle load conditions, such as weight and centre of gravity. When these parameters change, it calculates new settings and cut-in thresholds and sends them to the **ABS**, **ASR**, **ESC** and Rollover Mitigation functions, so as to maximise their efficiency at all times.

RAIN AND DUSK SENSOR

The rain sensor switches the wipers on and adjusts their speed according to how hard it's raining. The dusk sensor automatically switches on dipped headlights when the natural light outside falls below a certain level.

TRACTION +

Traction+ is the innovative traction control system that improves traction on the most challenging, low-grip surfaces. If one of the drive wheels loses traction, the control unit detects slippage, brakes the wheel and sends torque to the wheel with most grip. In this way, the vehicle's performance is more comfortable, ensuring the best stability and handling.

FOG LIGHTS

The optional fog lights are installed at the bottom of the front bumper for maximum efficiency and protection.

MORE THAN
SPACE

ROOM TO GROW.

The Ducato range is ready to give you all the space you need, with unique configurations that guarantee the capacity, load volume and gross vehicle weight so you have the right vehicle to get the job done. Take your pick from the three generous wheelbases, a GVW from 2800kg to 4250 kg with Ducato Maxi, four different lengths, three heights and a load capacity that reaches up to 2200 kg. Ducato also has the Crew Cab Van and Combi if you need extra flexibility.

**A MOVE IN THE
RIGHT DIRECTION.**

Need to tip? Ducato can do it in three different directions. The tipper truck is available in 4 wheelbases and 2 cab types, single and double. Its steel load surface ranges from 5.1 to 6.8 m² and includes a secure toolbox, so you have everything you need, exactly where you need it.

MORE THAN PERSONALITY

OPTIONAL

Ducato and Fiat Professional have done everything to create the most well-rounded and stylish work vehicle. Now it's your turn to add the final touches. Add features such as the Tablet Holder, new Radio, Led Cargo Light and Led DRL to make sure you have everything you need.

SILVER INSTRUMENT CLUSTER

The silver instrument panel is designed to make all the information you need easy to see and read in all driving conditions.

AUTOMATIC CLIMATE CONTROL SYSTEM

All versions of Ducato can be equipped with automatic climate control. The display, in the dash-board central console, provides all the information necessary and automatically controls the cab temperature, air flow and distribution, the activation of the compressor and air recirculation, based on the selected temperature and environmental conditions.

SEAT CASING

The casings conceal the seat supports and the storage compartments below the front seats.

NEW RADIO 10.7"

The bigger screen and enhanced connectivity allow for better performance and easier navigation while driving. Receive phone calls, read text messages and stream music with ease.

UCONNECT™ RADIO

With steering wheel controls, equipped with a 5" colour touchscreen; it is also available with a built-in satellite Navigator.

LED CARGO AREA

The load compartment can be illuminated by a powerful LED with a neutral white color and infrared sensors; three dimensions based on vehicle wheelbase.

TABLET HOLDER

With its unique design, the multi-purpose holder can hold tablets or smartphones with displays of up to 10", and pads of paper of various sizes.

DOUBLE SEAT WITH FOLDING TABLE

Front passengers can have either individual seats or a two-seater bench with a central backrest section that folds down into a handy table. Both configurations offer 3-point seat belts and individual headrests.

LED DRL

You can spot a Ducato at once from its LED daytime running lights. LEDs last longer than normal bulbs and reduce fuel consumption because they use less electricity.

REAR CAMERA DISPLAY

The camera frames the area behind the vehicle and shows the image on the Uconnect radio display. The camera is switched on when in reverse for safe maneuvering and also when the rear door opens to monitor loading and unloading directly from the cab.

LOAD COMPARTMENT WALL PROTECTION

The walls of the compartment too can be lined with plastic protective panels. On request, panels are available up to mid-height or up to full roof height.

HEATED SEATS

To cope with the coldest climates, you can heat the front seats at the touch of a button, for top-level comfort and optimum battery use.

SUSPENSION

Up to 7 types of rear suspension are available:

- 1 single leaf spring suspension;
- 1 "comfort" type suspension with single leaf spring and anti-roll bar (opt 062);
- 1 double leaf spring suspension (opt 077);
- 2 double leaf spring suspensions with increased ground clearance and anti-roll-bar (opt 4GM), also available with 2500 kg permitted rear axle load (opt 057);
- 1 composite suspension with increased ground clearance and anti-roll bar (opt 78Z), which reduces weight by 15 kg;
- 1 self-levelling air suspension (opt 555), also available in air-comfort version for heavy-duty conversions (opt 075).

WEBASTO

The programmable Thermo Top "C" Webasto heater can heat the vehicle up to 24 hours before setting off. It can also operate instantaneously, heating the cab, engine and defrosting the windows. The system is also completely independent of the engine and is also available in an automatic version without timer.

UPHOLSTERED HEADREST

For extra comfort, adjustable head rests upholstered with the authentic logo Ducato.

ADJUSTABLE ELECTRIC FOLDING MIRRORS

The Ducato's double-parabola door mirrors combine a panoramic rear view with the utmost practicality, adjusting and folding them from inside the cab. Both parabolas are independently adjustable to meet the needs of every user.

MORE THAN
PERSONALITY

OPTIONAL

Versatility is the most important characteristic of a great work vehicle. That is why Ducato offers you the possibility to add features like adjustable electric folding mirrors, heated seats and rear camera display. These optionals will give you the best comfort and flexibility for your job.
